Step 3: Fasten Side Buckles

Locate the strap, place over the t-top frame, and clip it to the buckle.

Repeat this on the opposite side of the console.

Step 4: Fasten Center Buckles

Connect both the top and bottom center buckles together. These will pull the fabric closer to the console.

Step 7: Zip Down Sides

Connect the side straps to the buckles located on the front of the center flap.

Finished

Go back to all adjustable straps and make sure that they are pulled tight bringing the cover closer to the console.

If desired, place a rope through the loops at the bottom as an added way to tighten the cover.
